

Construction Storm Water Management Seminar: The Revised General Construction Permit Essential New Compliance Information

This is a teaching seminar, focusing on the new elements of the revised California General Construction Permit for storm water discharges. The revised permit includes comprehensive technical requirements for selecting appropriate best management practices for erosion and sediment control based on a risk analysis, preparing new rain event action plans, monitoring and inspecting BMPs during rain events, sampling runoff and complying with action levels and effluent limits, and reporting results using a new computerized system. The seminar will also include practical legal considerations in maintaining site compliance.

Presenters:

- Shanda Beltran, Esq., Sr. Counsel, Allen Matkins Leck Gamble Mallory & Natis
- Mark Grey, PhD., Director of Environmental Affairs, BIA/ISC-CICWQ
- Robert Patterson, National Director of Compliance, Pulte Homes, Inc./Centex
- Marvin Sachse, Principal, Brash Industries
- Jeanne Duarte, President, Storm Water Resources, LLC

Oct. 20th - 8 am—3 pm

So Cal Contractors Assn.
6055 E. Washington Blvd., #200
Los Angeles, CA 90040

Oct. 21st - 8 am—3 pm

BIA Baldy View Office
8711 Monroe Ct. Ste. B
Rancho Cucamonga, CA 91730

Workshop Highlights:

- Using the new "Risk Based Approach" to establish construction site BMP requirements
- Complying with numeric performance measurement requirements
- Understanding and using new forms (such as the REAP) processes and data transmittal requirements.
- Seminar designed for contractors, engineers, storm water compliance managers, and local and state regulatory staff.

Workshop Includes:

- Continental Breakfast
- Lunch
- Course materials

Cancellations must be made by email, fax or mail 7 working days prior to the event. NO REFUNDS will be issued after this time.
